Soup 4 All

FOOD NOT BOMBS

We cook for *everyone in need until the very last day* – while wars are still going on.

Soup4All is a cooperative educational board game supplemented by a web application.

 **4-6 players.**

AUTHOR INTRODUCTION LETTER
Oleg Medvedev (@OLEG_DARKDEV)

I dedicate this game to the initiatives **“Food Not Bombs – Vostok” (Minsk)** and **“Jedzenie zamiast Bomb” (Gdansk)**, where I spent most of my time preparing and distributing food.

I hope that when my breath is gone, humanity will no longer know the need for food aid or the meaning of the word “war.”

To every Food Not Bombs activist, I wish you steadfast faith in your ideals and the strength to continue the revolution.
